

CLOSED MEETING PROGRAMME

| 09.30-17.00 | CLOSED MEETING PROGRAMME Westminster Suite - Grosvenor Hotel Wednesday 21st March 2018 |
|-------------|---|
| 09.30-10.30 | Registration |
| 10.30-11.30 | BSSR business meeting |
| 11.30-12.15 | Triangular Fibrocartilage Complex of the Wrist: Anatomy and Patterns of Failure <i>Professor Donald Resnick</i> |
| 12.15-13.00 | MR-derived CT-like data sets and simulated radiographs of skeletal elements <i>Professor Klaus Woertler</i> |
| 13.00-14.00 | Lunch |
| 14.00-15.15 | Members' cases |
| 15.15-15.45 | Coffee break |
| 15.45-16.30 | GIRFT Radiology update - <i>Dr Kath Halliday</i> |
| 16.30-17.00 | Members' cases |

REFRESHER COURSE PROGRAMME

DAY ONE

Thursday 22nd March 2018

King's Suite

| 08.30-10.00 BONE TUMOURS | |
|--|---|
| Moderators: Dr Prudencia Tyrrell, Dr Sajid Butt | |
| 08.30-08.45 | Assessment of the solitary lesion <i>Dr Mark Davies</i> |
| 08.45-09.00 | Cartilage tumours <i>Dr Paul O'Donnell</i> |
| 09.00-09.15 | Tumour mimics <i>Dr Rikin Hargunani</i> |
| 09.15-09.35 | Bone marrow - normal and abnormal <i>Dr Prudencia Tyrrell</i> |
| 09.35-09.45 | Biopsy - tips and tricks <i>Dr Sajid Butt</i> |
| 09.45-10.00 | Post operative imaging: recurrence and complications <i>Dr Asif Saifuddin</i> |

| 10.30-12.00 SOFT TISSUE TUMOURS | |
|---|---|
| Moderators: Dr Julia Fairbairn, Dr Richard Fawcett | |
| 10.30-10.45 | Ultrasound vs MRI <i>Dr Geoff Hide</i> |
| 10.45-11.00 | The High signal intensity lesion <i>Dr Raj Chari</i> |
| 11.00-11.15 | The ultra-low T2 signal intensity lesion <i>Dr Anand Kirwadi</i> |
| 11.15-11.30 | How to avoid mistakes <i>Dr Philip Robinson</i> |
| 11.30-11.45 | Image guided biopsy - tips and tricks <i>Dr Naomi Winn</i> |
| 11.45-12.00 | Postoperative imaging - recurrence and complications <i>Dr Paul O'Donnell</i> |

DAY ONE

Thursday 22nd March 2018

Prince of Wales Suite

| 08.30-10.00 SHOULDER | |
|---|--|
| Moderators: Dr Charles Wakeley, Dr Shah Khan | |
| 08.30-08.50 | Supraspinatus - new anatomical concepts and pathology <i>Dr Harun Gupta</i> |
| 08.50-09.10 | Rotator interval - anatomy and pathology <i>Professor Klaus Woertler</i> |
| 09.10-09.30 | Instability - what the report must include <i>Dr Ian Beggs</i> |
| 09.30-09.45 | SLAP lesions <i>Dr Kate Stevens</i> |
| 09.45-10.00 | Pectoralis injury - how should I image? <i>Dr Philip Robinson</i> |

| 10.30-12.00 ANKLE AND FOOT | |
|---|--|
| Moderators: Dr David Ritchie, Dr George Tony | |
| 10.30-10.45 | Impingement around the ankle <i>Dr Dhiren Shah</i> |
| 10.45-11.00 | Ankle instability: how to diagnose it <i>Dr Nikhil Kotnis</i> |
| 11.00-11.15 | Tendons around the ankle that are commonly involved in disease - tips and pitfalls <i>Dr Robert Campbell</i> |
| 11.15-11.30 | Lisfanc ligament and injury patterns <i>Dr Kate Stevens</i> |
| 11.30-11.45 | Stress Lesions <i>Dr Sujit Vaidya</i> |
| 11.45-12.00 | Alignment and deformity. How the surgeon thinks <i>Mr Nilesh Makwana</i> |

| | |
|--------------------|--|
| 13.30-15.00 | PLENARY "BILL PARK MEMORIAL" LECTURE Chair: Professor Iain McCall - Chairman's introduction - Acute ligamentous injuries in the knee: mechanistic approach with emphasis on MR imaging <i>Professor Donald Resnick</i> |
|--------------------|--|

DAY ONE

Thursday 22nd March 2018

King's Suite

| 15.30-17.00 | BONE & SOFT TISSUE TUMOURS |
|--|--|
| Moderators: Dr Jaspreet Singh, Dr Rajesh Botchu | |
| 15.30-15.50 | Many faces of MSK lymphoma <i>Dr Jaspreet Singh</i> |
| 15.50-16.15 | Local staging of sarcoma including assessment of joint and neurovascular invasion <i>Professor Klaus Woertler</i> |
| 16.15-16.35 | Distant staging including tumour-specific staging <i>Dr Rajesh Botchu</i> |
| 16.35-17.00 | My biggest mistakes. Lessons learnt <i>Dr Mark Davies</i> |

DAY TWO

Friday 23rd March 2018

King's Suite

| 08.30-10.00 | SPINE |
|--|---|
| Moderators: Dr Ramy Mansour, Dr Michele Calleja | |
| 08.30-08.45 | Normal variants and pitfalls <i>Dr Bernhard Tins</i> |
| 08.45-09.00 | Degeneration - natural history and clinical implications <i>Dr Michele Calleja</i> |
| 09.00-09.15 | Infection <i>Dr Prudencia Tyrrell</i> |
| 09.15-09.35 | Vertebral tumours <i>Dr Victor Cassar-Pullicino</i> |
| 09.35-09.55 | The spinal cord and meninges <i>Dr Tufail Patankar</i> |
| 09.55-10.00 | Discussion |

DAY ONE

Thursday 22nd March 2018

Prince of Wales Suite

| 15.30-17.00 | EXPERT OPINION |
|---|---|
| Moderators: Professor Andoni Toms, Dr Rakesh Mehan | |
| 15.30-15.45 | Cartilage – day to day practice <i>Professor Andoni Toms</i> |
| 15.45-16.05 | Multiple myeloma: how should a DGH radiologist image this <i>Dr Margaret Hall-Craggs</i> |
| 16.05-16.20 | Missed fractures - NICE or nasty? Medicolegal perspective <i>Dr Richard Whitehouse</i> |
| 16.20-16.40 | Femoroacetabular impingement: Criteria for intervention <i>Professor Damian Griffin</i> |
| 16.40-16.55 | TBME - is it a separate entity? <i>Dr Eugene McNally</i> |
| 16.55-17.00 | Discussion |

DAY TWO

Friday 23rd March 2018

Prince of Wales Suite

| 08.30-10.00 | HIP |
|--|--|
| Moderators: Dr David O'Keeffe, Professor Mahesh Prakash | |
| 08.30-08.45 | Athletic pubalgia <i>Dr Qaiser Malik</i> |
| 08.45-08.55 | Diagnosing Hernia - Tips and tricks <i>Dr David Elias</i> |
| 08.55-09.05 | Labrum - normal versus abnormal <i>Dr Edward Sellon</i> |
| 09.05-09.15 | Greater trochanteric pain syndrome <i>Dr Neil Porter</i> |
| 09.15-09.30 | Painful paediatric hip <i>Dr Karl Johnson</i> |
| 09.30-09.45 | Painful hip replacement <i>Dr Simon Ostlere</i> |
| 09.45-10.00 | Unusual fractures around the hip - avulsion, insufficiency and stress <i>Dr Andrew Grainger</i> |

REFRESHER COURSE PROGRAMME

DAY TWO

Friday 23rd March 2018

King's Suite

| 10.30-12.00 | SPINE |
|---|---|
| Moderators: Dr Bernhard Tins, Dr Radhesh Lalam | |
| 10.30-10.45 | Brachial plexus - anatomy and imaging <i>Dr Radhesh Lalam</i> |
| 10.45-10.55 | Sacroilitis – diagnostic challenges and tips <i>Dr Naomi Winn</i> |
| 10.55-11.20 | Spondyloarthropathies: Disease patterns and differential diagnosis with emphasis on imaging-pathological correlation <i>Professor Donald Resnick</i> |
| 11.20-11.40 | Adult scoliosis - what should the radiologist know <i>Mr Birender Balain</i> |
| 11.40-12.00 | Imaging the post operative spine <i>Dr Bernhard Tins</i> |

| 13.30-15.00 | MISCELLANEOUS: SPINE AND TUMOURS |
|--|--|
| Moderators: Dr Thillianayagam Muthukumar, Professor James Teh | |
| 13.30-13.40 | Benign vs malignant vertebral fractures on standard MRI <i>Professor James Griffith</i> |
| 13.40-13.50 | SAPHO/CRMO <i>Professor James Teh</i> |
| 13.50-14.00 | Facet cysts <i>Dr Thillianayagam Muthukumar</i> |
| 14.00-14.10 | Destructive degenerative disc disease (DDDD) <i>Dr Victor Cassar-Pullicino</i> |
| 14.10-14.20 | Disc-related epidural haematoma <i>Dr Jaspreet Singh</i> |
| 14.20-14.30 | Typical and atypical haemangiomas <i>Dr Steven James</i> |
| 14.30-14.40 | Benign notochordal cell tumour (BNCT) <i>Dr Radhesh Lalam</i> |
| 14.40-14.50 | Vertebroplasty <i>Dr Adrian Highland</i> |
| 14.50-15.00 | Nerve root injections - fluoroscopic <i>Dr Karen Partington</i> |

DAY TWO

Friday 23rd March 2018

Prince of Wales Suite

| 10.30-12.00 | INTERVENTION: INJECTABLES IN MSK RADIOLOGY |
|--|--|
| Moderators: Dr David Wilson, Dr Santosh Rai | |
| 10.30-10.50 | PRP: Blood spinning or money spinning? <i>Professor James Griffith</i> |
| 10.50-11.05 | The story of steroids, what do injectable corticosteroids really offer in the treatment of MSK disease <i>Dr Steven James</i> |
| 11.05-11.20 | Viscosupplementation: A slippery subject <i>Professor Waqar Bhatti</i> |
| 11.20-11.35 | Prolotherapy and Sclerosing Agents <i>Dr Andrew Dunn</i> |
| 11.35-11.50 | Do We Need to Inject Anything at All?: Fenestration, autologous blood and Tendon Stripping <i>Dr Gajan Rajeswaran</i> |
| 11.50-12.00 | Sclerosing agents for tumour therapy <i>Dr Ramy Mansour</i> |

| 13.30-15.00 | MISCELLANEOUS |
|---|---|
| Moderators: Dr David Silver, Dr Amanda Isaac | |
| 13.30-13.40 | Thumb CMC ligaments <i>Dr Richard Graham</i> |
| 13.40-13.50 | Finger pulleys <i>Dr Catherine McCarthy</i> |
| 13.50-14.00 | Distal biceps tendon <i>Dr Prashant Sankay</i> |
| 14.00-14.10 | Nerve impingements around the elbow <i>Dr Amanda Isaac</i> |
| 14.10-14.20 | Posterolateral instability elbow <i>Dr Sarath Bethapudi</i> |
| 14.20-14.30 | Scaphoid AVN <i>Dr David Silver</i> |
| 14.30-14.40 | Idiots guide to muscle injury <i>Professor Waqar Bhatti</i> |
| 14.40-14.50 | Plantar plate - anatomy and pathology <i>Dr Kate Stevens</i> |
| 14.50-15.00 | Spring ligament <i>Dr Ramy Mansour</i> |

DAY TWO

Friday 23rd March 2018

King's Suite

| 15.30-17.00 | SPINE TRAUMA |
|---|--|
| Moderators: Dr Naomi Winn, Dr Praveen Konala | |
| 15.30-15.50 | Clearing the spine in acute trauma - challenges <i>Dr Surabhi Choudhary</i> |
| 15.50-16.10 | Thoracolumbar fractures <i>Dr Richard Hughes</i> |
| 16.10-16.25 | Spinal trauma: "Classifications - are they necessary?", "Concepts in instability" <i>Dr Hassan Douis</i> |
| 16.25-16.45 | Children and adolescents <i>Dr Victor Cassar-Pullicino</i> |
| 16.45-17.00 | Spondylolysis - how to diagnose and follow-up <i>Dr Andrew Dunn</i> |

DAY TWO

Friday 23rd March 2018

Prince of Wales Suite

| 15.30-17.00 | KNEE |
|--|--|
| Moderators: Dr Georgina Allen, Dr Udara Kularatne | |
| 15.30-15.50 | Articular cartilage and subchondral bone. Basic anatomy, pathophysiology and patterns of injury <i>Professor Donald Resnick</i> |
| 15.50-16.00 | Posteromedial corner <i>Dr Andrew Grainger</i> |
| 16.00-16.10 | Posterolateral corner <i>Dr Kate Stevens</i> |
| 16.10-16.20 | Meniscal tears - diagnosis and clinical relevance <i>Dr Priya Suresh</i> |
| 16.20-16.30 | Post operative meniscus <i>Dr Peter Mullaney</i> |
| 16.30-16.40 | Imaging of native cruciate ligaments <i>Dr Udara Kularatne</i> |
| 16.40-16.50 | How to assess post operative ACL <i>Dr Emma Rowbotham</i> |
| 16.50-17.00 | Patello-femoral instability <i>Dr David McKean</i> |
